

## **Bullet 1000® Dark: The big one now with tinted glass!**

### **Kellermann presents the “classic meets high-tech” indicator in a dark version**

The Kellermann GmbH (www.kellermann-online.com), experts for premium motorcycle accessories from Aachen in Germany, now offers the Bullet 1000® indicator in a version with tinted glass.

Riding a motorcycle always had a “a dark side”, also referring to the look & feel of the bike. So it comes as no surprise that all products from Kellermann with tinted glass are highly successful.

The distinctive Bullet 1000® indicator therefore will now be also available in a dark version. That is a pretty interesting mix for all bikers: Classic bullet shape and tinted glass for the dark look on the bike. Of course with the striking illumination power which Kellermann products are well known for.

The complete electronics of the Bullet 1000® Dark are in the casing, this indicator can be plugged into the 12 volt net directly.
